15-Minute Method

5 prompts · ChatGPT ka free version, ek kaagaz, ek pen · ek lecture ya handout chapter paste karo

1

Scan · 2 min · pehle 30 sec: jo pata hai kaagaz par likho

Analyze this lecture and divide it into 5–8 major concepts. For each concept, tell me what I absolutely need to understand before moving forward. **Do not summarize everything.**

2

Understand · 5 min · ek concept, laptop band, bol kar samjhao

Teach me these concepts as a VU student. Start from the prerequisite knowledge I need. Explain each concept using one simple example and one VU/exam-relevant example. **Avoid unnecessary detail.**

3

Recall · 3 min · jawab apne alfaaz mein

Now test my understanding using active recall. **Ask me one question at a time** about the concepts above. **Do not give me the answer.** Wait for my response. After I answer, tell me what I got right, what I missed, and then ask the next question.

4

Test · 3 min · short aur long ka jawab likh kar do

Act as a strict university examiner. Based only on the lecture material, create a short practice test. Mix conceptual, application-based and exam-style questions. **Ask one question at a time. Do not reveal answers** until I attempt each question.

5

Fix · 2 min · score 5 mein se sheet par likho

Analyze my incorrect answers. Identify the underlying concepts I misunderstood. Group my mistakes by topic and create a 5-minute revision plan **focused only on my weak areas.**

! AI ghalti kar sakta hai. Jawab handout se milao. Ye practice hai, "100% aane wale sawal" nahi.

Sirf practice ke liye. VU quiz, GDB aur paper mein AI ya koi helping material use na karo.

TUMHARA NUMBER

Green Count Sheet

Tick nahi. Rang.

- 4-5 Green: ab sirf spaced recall
- 2-3 Yellow: Fix, phir Recall
- 0-1 Red: Understand se dobara

COURSE: _____

Lecture	Score / 5	Rang	Recall kab	Lecture	Score / 5	Rang	Recall kab
1				10			
2				11			
3				12			
4				13			
5				14			
6				15			
7				16			
8				17			
9				18			

Green ____ · Yellow ____ · Red ____

18 lectures sirf example hai. Thresholds hamare hain, research ka number nahi; apne hisaab se badlo. Revision: 1-2 din baad 3 minute Recall; paper se kuch din pehle weak topics.
